CERO15

15MM 

This collection is clearly characterized by its format: 60x60 centimeters. It is a tougher format than the classic form. The series stands out with a thickness of 15 millimeters. It bears much more weight and it is perfect suitable for outdoor ambiances.

This collection offers three different products: Umma and Manila that are inspired by stones of distinct origin; and Arton, based in the looks of the cement. Moreover, these designs have various tones.

Umma is characterized by its texture which is rich in detail and its veins remind of honed marble. It is presented in Light and Natural.

Manila is notable for its polyhedral aesthetic, composed of granules and calcareous elements. It is available in Light and Dark.

Arton is highlighted by its versatility and timelessness that comes intrinsic in the cement. It is provided in Light and Dark.

Esta colección se caracteriza claramente por su formato: 60x60 centímetros. Es un formato más resistente que el clásico. La serie destaca por su grosor de 15 milímetros. Soporta mucho más peso y es perfectamente adecuado para ambientes en exterior.

Esta colección ofrece tres productos diferentes: Umma y Manila que están inspiradas en piedras de origen diverso; y Arton está basado en el aspecto del cemento. A su vez, estos diseños se ofrecen en varios tonos.

Umma se caracteriza por su textura rica en detalles y sus vetas que recuerdan a un mármol perfeccionado. Se presenta en Light y Natural.

Manila destaca por su estética poliédrica, compuesta por gránulos y elementos calcáreos. Está disponible en Light y Dark.

Arton resalta por su versatilidad y atemporalidad que viene intrínseca en el cemento. Se proporciona en Light y Dark.
